VFR Over the Top Rating – Aeroplane

Pre-Requisites:

Private Pilot Licence

Requirements:

10 hours dual instrument training time after the private licence, of which:

Up to 5 hours may be in a simulator

Minimum VFR-OTT course cost:

Piper Cherokee	
8 hrs dual instruction @ \$259/hr:	\$2,072.00
2 hrs simulator @ \$125/hr:	\$250.00
Total:	\$2,322.00*

All rates are wet (include fuel/oil costs) but does not include applicable GST tax.

*This is the minimum cost for a VFR-OTT rating. It is unlikely to complete the course in the minimum time.

Courses may be paid:

- a) as you go
- b) by a deposit of a given amount
- c) by a deposit of total amount

Refund Policy: A full refund will be given for unused deposits if the student withdraws from the course.

Privileges: This rating allows you to use your licence over a layer of cloud enroute to your destination, provided your origin and destination remain in visual meteorological conditions.

Experience accumulated in obtaining a VFR-OTT rating can and will be credited to the issue of a Commercial Pilot Licence. A person who holds a commercial pilot licence or instrument rating is able to exercise the privileges of a VFR-OTT rating without further training.
